

Legal Counsel
Permanent Position
Location: Regina
Competition #31-P-LEG-2018-JM

Closing Date – October 26th, 2018 at 4:00pm

Position Summary

Reporting to the Assistant General Counsel, this corporate head office position may include work in the following areas:

- Provide legal advice and support to the company and its subsidiaries.
- Draft, review and negotiate a wide variety of legal documents including consulting agreements, procurement documents, technology contracts, service agreements, transaction agreements and governance documents.
- Support and assess issues arising from due diligence or discovery in connection with M&A transactions, other transactional work, financing, audits and litigation.
- Monitor and provide legal direction and advice with respect to changes in legislation, regulation and case law as they impact the company and its subsidiaries.
- Participate in business, operational and strategic decisions, advising leadership on corporate legal strategies, issues and risk management.

Position Requirements

- A Bachelor of Laws Degree or Juris Doctor from an accredited institution and membership or eligibility for membership in the Law Society of Saskatchewan.
- Knowledge of and experience with or an interest in corporate, commercial, technology, information management, privacy or regulatory compliance matters would be considered an asset.
- A wide range of experience will be considered. Compensation will be commensurate with experience.

Key Competencies

- **Communication** - Communicates effectively and persuasively to achieve goals through the careful preparation of research & data and communication of arguments to influence a course of action.
- **Customer Service Orientation** - Encourage customer focus by identifying future customer needs and expectations based on an understanding of customer issues, priorities and market environment.
- **Results Driven** - Anticipates potential problems and future needs and identifies opportunities.
- **Flexibility** - Change and adapt service approach as required to achieve intended outcomes or respond to changing priorities, information or strategies.
- **Teamwork** - Facilitates and influences team effectiveness and makes team decisions to achieve positive outcomes.
- **Effective Decision Making** - Analyses relationships among several parts of complex or multi-dimensional problems or situations and are able to make effective decisions based on this information.
