Remote Witnessing of Authorizations – The Land Titles (Public Emergencies) Amendment Regulations, 2020

Direction from the Registrar of Titles

March 26, 2020

On March 26, 2020, The Land Titles (Public Emergencies) Amendment Regulations came into force. These Regulations provide new options for lawyers witnessing documents for submission to the Land Registry in response to the COVID-19.

The Regulations provide the ability for lawyers licensed to practice in Saskatchewan to witness the signing of authorizations by title owners and interest holders remotely provided that certain conditions are met, and apply in either of the following circumstances:

- in person – where the parties are in the same location but are maintaining means of physical distancing, such as curb-side signatures where the lawyer or client are in a vehicle, or where the lawyer and client are in adjacent rooms separated by glass; or
- using audio-visual technology – where the parties are not in the same physical location.

The Regulations require that the witnessing and authorization actions occur within a single session where the lawyer can both see and hear the person authorizing the application.

The prescribed process for authorization and witnessing documents is contained in Section 27.2.

Pursuant to Section 27.3, lawyers must also comply with requirements set by the Law Society of Saskatchewan.

Finally, pursuant to Section 27.4, the lawyer must complete a special Certificate of Lawyer which must be included in the application to the Land Registry as part of the authorization for the application. The required Certificate of Lawyer is included in this Direction (and a completed sample) and is also available on the ISC website.
This regulation applies to authorizations completed by individual title owners and interest holders as well as corporations executing authorizations not under corporate seal.
