### Reasons for Running

I am soliciting your support to re-elect me as Bencher for the Regina Elector District. I wish to be re-elected as a Bencher, so I can finish and participate in many of the initiatives that were started in my first term. As there is a high turnover rate at the Bencher table, I believe my experience will be an asset to the Law Society.

I am currently a Partner with Mckercher LLP. Since being called to the Bar in 1991, I have had the opportunity in practicing in offices of various sizes. In addition, my practice has covered almost all areas of the law. For example, I have been a Federal Prosecutor and a Defence Lawyer. I believe, I bring a well rounded perspective to the Benchers discussions.

I also have experience with a number of Board of Directors. I have obtained further Governance training. I achieved my Chartered Directors (C.DR.) designation, from the Directors College (McMaster University). I have been on the Board of SaskEnergy since 2008 and its related subsidiaries. I have served on almost all of their committees.

I served as a Director on both the Provincial and National Board of the Royal Life Saving Society of Canada. I was also a member of the Federal Governments Task Force on the National Round Table and the Economy.

I thank you in advance for your support.
